Dear Friends

Well it is another year since we were last in contact with you. Thank you for your loving support for Christian Science nursing, expressed through regular and one-off donations to The Aid Fund. The money that we receive is used to make grants to those in need of the unique blessing that Christian Science nursing brings but without the financial means to be able to pay.

This year we saw a change in trustees at The Aid Fund. John Mordaunt resigned after 3.5 years on the trustee body. This was the second time he has served as a trustee to The Aid Fund and a heartfelt thank you goes out to him, for his love for Christian Science nursing, and for his quiet and insightful contributions as a trustee. If you are interested in the work of the trustees, do be in contact with the Secretary or Chair to find out more.

In the past 12 months trustees are deeply grateful to report that many individuals have benefited from financial support from The Aid Fund. In the financial year ended 30 April 2018, £310k has been paid in grants to individuals whose financial circumstances were such that they qualified for assistance. A further £75k was granted to assist with the Attic Project at Lime Tree House.

The majority of grants (90%) have been paid to assist in the cost of care received in a Christian Science House. Of other grants paid in the year, 6% was paid for individuals to receive support from a Visiting Christian Science Nursing Service, and 3% to Christian Science nurses working independently and caring for individuals in a home environment. A small grant was also made to assist with the review and refocussing of the activities of the proposed Christian Science Nursing Association (UK), currently known as the Association of Christian Science Nursing Services.

On our website you will find a downloadable patient information guide, as well as details about qualification for a grant, and how to apply, including an application form. You will also find details of how you can make a donation to support the work of The Aid Fund.

Applications for grants are subject to a few simple questions about your personal finances. We may request additional information to assist in the decision where the application is borderline or is outside our normal terms. This information enables us to ensure grants are awarded on a consistent and fair basis.
